Kalsec® Expands Facilities in Shanghai, China

SHANGHAI, CHINA – Kalsec, a leading global producer of natural spice and herb extracts for the food and beverage industry, is expanding to a new office space and food application laboratory at our location in Shanghai.

In 2009, Kalsec expanded into China and has been supporting the burgeoning domestic Chinese market ever since. Kalsec's solutions support Chinese consumer's increasing demand for naturally sourced products that are high quality, reliable, stable, and held to the highest safety standards.

"The upgrade of the Kalsec China headquarters reflects our commitment to provide close support to our food and beverage customers in Greater China and the Asia-Pacific region," said Kathleen Koh, Managing Director, Kalsec Asia. "Through the expansion of the application laboratory, we can better test and develop solutions for the market along with finished goods that are healthy and sustainably sourced."

On December 24, 2020, Kalsec officially opened its new headquarters in Shanghai, inside the Caohejing Development Zone. To support the growth of its business in China, Kalsec's new location has an upgraded workspace for more employees and deeper laboratory capabilities.

"The new office is located in the "hot zone" in Shanghai, an area designated for professional food businesses that aims to provide customers access to an array of companies that serve their needs," said Karen Yang, General Manager, Kalsec Shanghai.

Kalsec continues to be committed to creating and innovating solutions that look better, taste better and last longer...naturally. We are excited to expand to this new location in Shanghai and look forward to working with our customers to create on-trend, customer centric solutions.

About Kalsec

Kalsec provides innovative spice and herb extracts, colors, antioxidants and advanced hop products to the food and beverage industries. We capture the best nature has to offer and utilize the skills, experience and knowledge of our employees to make products look better, taste better and last longer. Kalsec has remained family owned and provides localized support to our global customers. Trusted since 1958, Kalsec is committed to providing value to the food and beverage industry for the next 100 years. Headquartered in Kalamazoo, Michigan, U.S., Kalsec has regional offices, laboratories and sales teams in North America, Europe and Asia. As a certified B Corp, Kalsec makes ethical and sustainable decisions that serve our customers, employees, communities and the environment. We are proud to be using our business as a force for good.
